## SUPT. HODGES IS SUSTAINED

State Board of Education Passes Resolutions of Confidence.

### CHARGES FALL FLAT.

Jones Defeated by Twyman for Superintendent of Buckingham County Schools.

Richmond, Va., Oct. 17.—In the case of Superintendent W. T. Hodges, of Alexandria, the charges against whom consumed the first day's session, the board unanimously sustained the incumbent and took occasion to express its appreciation of his work and its contempt of the accusations by the adoption of this resolution

"Resolved, That the charges preferred against Superintendent Hodges be hereby dismissed as being unsustained by evidence, and that the board desires to express formally its appreciation of the excellent work done by Superintendent Hodges. The board disproved the failure of the school board to record formally its action in increasing the salary of the superintendent."

The charges affecting Mr. Hodges' veracity fell flat before the hearing had progressed very far, but his opponents sought to show that he had connived with the school authorities to obtain increased salary. This was also exploded at the hearing, the charges finally dwindling into a matter of loose bookkeeping on the part of the county athorities.

The Buckingham county embroglio occupied the greater part of the public hearing yesterday. Rev. Plummer F. Jones, the incumbent, was represented by Attorney Frank Moon and W. A. Pettus, and John A. Twyman, his opponent, by Commonwealth's Attorney Edwin Hubbard. A flock of witnesses were introduced on both sides and the old factional church row which was brought to the surface at a previous hearing was rehashed.

The opposition to Mr. Jones was based on the allegations of inveracity, it being charged that he had represented to West Hanover presbytery that he had been given permisson by Trinity and Arvonia churches, which he was serving to serve the new church at Fork Union one Sunday in month, when no such permission had been given. One officer in the church had supported Mr. Jones' statement before the Presbytery, while the other William Edwards, had disputed it. The latter was present at the hearing yesterday. The whole affair was threshed out by a commission appointed by the Presbytery and Mr. Jones' skirts cleared of any and all charges.

Mr. Hubbard, who at a previous meeting, of the board had made the statement that Mr. Jones was a Republican in politics and "crooked as a snake in the grass" took occasion yesterday to make a public apology before the board.

The balance of the hearing hinged upon how many people wanted Mr. Jones retained and how many wanted Mr. Twyman. Mr. Jones' counsel made the point that Mr. Twyman, after having served as superintendent of the county, had failed of reappointment because the board deemed him incompetent and produced evidence from Former Superintendent Eggleston to prove this point. Mr. Twyman's counsel held that Mr. Jones could not serve three churches and run the school system of the county, too.

Mr. Jones presented a petition bearing 900 [illegible] Mr. Twyman presented one bearing 700 names of citizens of the county.

The following superintendents have been chosen:

Alexandria—W. T. Hodges.
Buckingham—John A. Twyman.
Carroll—E. M. McCooley.
Nansemond—J. B. L. DeJarnette.
Shenandoah—C. V. Shoemaker.
Warren—Thornton V. Leach.

### DEATH NOTICE.

William Cook, a well known colored citizen, died at his home, 322 South Columbus street, Thursday, at 2:30 p. m. Funeral Sunday at 3 o'clock from Methodist Church.

## NEWS OF THE DAY.

Mrs. William E. Ellis was found dead in her room in a Chicago hotel yesterday afternoon. Her throat had been cut and she had been shot twice under the left arm. Ellis, a wealthy leather merchant of Cincinnati, Ohio, was staggering about the room, his throat and wrists gashed by a knife and suffering from three bullet wounds. It is believed the man and woman entered into a suicide pact.

A dispatch from San Domingo, Dominican Republic, says the rebels in Puerto Plata refuse to accept a treaty of peace, and war operations have been resumed. Foreigners have been advised by the government to leave Puerto Plata.

One thousand persons are homeless as the result of a fire which yesterday afternoon destroyed a half square mile of houses in Shanghai, China.

With two warships, the cruisers Vineta and Hertha ordered into Mexican waters, it was learned in Berlin yesterday that Germany would send an entire fleet if developments in Mexico make the situation look any worse than it has for the last five days. An explanation from the foreign office is that the disorders in Haiti as well as in Mexico demand the presence of warships in American waters. Now that Germany has taken the lead, it is expected that France and England will show no delay in ordering warships to Mexico.

Japan yesterday was added to the list of governments that have notified the United States that they shall insist on a 5 per cent discount on tariff duties if the preferential in the new tariff law is applied to American ships. Japan has a treaty with the United States similar in its provisions to those with other governments that have protested. The French, it was disclosed yesterday, have taken further action with regard to the prospective application of the 5 per cent preferential. Ambassador Jusserand, on behalf of his government, has laid claim to the same treaty rights as those possessed by other governments. This is contrary to the previous position of the State Department, which has taken the view that the French have no treaty guaranteeing them the same benefits as granted to American ships.

Joe Fellds, 25 years old, of Coal Creek, Wayne county, W. Va., shot and killed Floyd Dodd, 18 years old, Wednesday morning. The killing is said to have been unprovoked. Two officers armed with a warrant for Field's arrest were on their way to Fields' home when they were joined by young Dodd. They located Fields in a patch of woods on Coal Creek. Fields ordered them to stop and fired. The charge struck Dodd in the heart. Fields fled and an armed posse is now scouring the forests for him.

In the Supreme Court at Ellsworth, Maine, yesterday, a decree of divorce was granted to Virginia Sims Evans Sewall, wife of Harold I. Sewall, of Boston. Mrs. Sewall is the daughter of the late Rear Admiral Robely D. Evans. Mrs. Sewall sustained her charge of cruelty and abusive treatment. The alimony and custody of the child were agreed upon in private by counsel. Mrs. and Mrs. Sewall were married in Tokyo, Japan, in 1902 by Bishop McKim. She charges the personal violence took place at Arcadia, the Bar Harbor summer home in August, 1906.

Upon the advice of those close to him President Wilson has decided not to subject his worn nerves to the ordeal of naval target practice. His projected trip to witness the firing of the battleship fleet off the Virginia capes tomorrow was abandoned. The Secretary of the Navy and Mrs. Josephus Daniels, the Secretary of War and Mrs. Garrison, the attorney general, Mr. McReynolds, the assistant secretary of the navy and Mrs Roosevelt and the Misses Burleson left Washington on the U. S. S. Mayflower today and will spend tomorrow on the target range. President Wilson is not enjoying good health. What was officially described last week as a slight attack of indigestion has been aggravated by worn nerves due to the anxiety of the legislative situation.

## AIRSHIP EXPLODES 3,000 FEET IN AIR

Latest of New German War Type Meets Terrible Fate.

### WITNESSES APPALLED.

Dirigible Was On Trial Trip—Admiralty Commission Among the Victims of the Disaster.

Berlin, Oct. 17.—Members of an admiralty commission headed by Captain Behnisch, and the entire crew of the Zeppelin dirigible L-2, thirty men in all, were instantly killed today when the balloon blew up 3,000 feet above Johannisthal Aviation Field, near Berlin.

The L-2 was the latest of the aerial war craft built by the Zeppelin Company for the German navy, and was on her trial trip. The admiralty commissioners who were killed in the accident were aboard to approve the dirigible and take her over for the navy.

The Zeppelin L-2 was the only remaining aerial cruiser of the aid division of the German navy. She was the last dirigible built. Accidents destroyed two other naval Zeppelin's, with great loss of life, shortly after she was completed.

Johannisthal Aviation field is the most pretentious in Germany, on the outskirts of Aldershof, which is a suburb of Berlin.

The accident, one of the most spectacular in the history of German aviation, was witnessed by hundreds of people. The huge craft, measuring 500 feet from end to end, was sailing gracefully 3,000 feet up when suddenly those below were horrified to see a burst of flame and smoke.

Instantly fire enveloped the great gas bag. It was not until a perceptible lapse of time that the spell bound watchers heard the terrific detonation and knew that an explosion had caused the fire.

The monster balloon plunged earthward like a blazing meteor, and the spectators scattered in all directions to save themselves from the deluge of fire that came with her.

This was the sixth of the air craft built by the aged Count Zeppelin, pioneer of German aviation, that has come to grief, but only the last three accidents were attended with loss of life.

One of those who saw the accident was Manager Weiner, of the Albatross Aeroplane Works, which is near the Jahannisthal Aerodrome.

"I heard a terrific detonation and ran out of my shop," he said, "to see the Zeppelin a mass of flames, fully 3,000 feet up. The big bag blazed from end to end. Before the wreck hit the ground the dirigible had been entirely consumed, except for her aluminum frame work.

"Some of the men fell free of the frame in air and fell separately, to death on the ground. The others, including the commissioners, fell with the metal work and were buried under it."

The admiralty commisson was made up of Capt. Behnisch, Lieut. Commander Freyer, naval officers; naval Architects Neumann and Pietsker, and Naval Engineer Bausch. They were all killed instantly.

Lieutenant Commander Freyer was in command of the dirigible. He was formerly aide-de-camp to Prince Adelbert, third son of the Kaiser.

Immediately after the accident thousands of people streamed out to the aviation field.

## APPEAL PRESENTED.

Annexation Case is Being Considered by Judge Keith.

Richmond, Va., Oct. 17.—The petition of the city of Alexandria asking for a writ of error in the suit of the city of Alexandria against the counties of Alexandria and Fairfax for additional territory was presented to Judge Keith, of the Virginia Court of Appeals this morning. Judge Keith took the matter under advisement and will render his opinion as soon as he was time to examine the voluminous record.

### HON. C. C. CARLIN'S SPEECH.

Addresses Citizens of Clarendon, Alexandria County, Last Night.

Representative C.C. Carlin, addressed the citizens of Alexandria county at Clarendon, last night, under the auspices of the Clarendon-Ballston Service Association, taking as his subject "The Improvement of Public Service and Utilities." President W. W. Malone presided and introduced the speaker. This organization is endeavoring to improve public service in the towns of Clarendon and Ballston and to secure cheaper and better car service to Washington.

"I believe in fair treatment to public utilities companies," said Representative Carlin. "But I believe that they should be made to treat the people fairly. You want only cheaper transportation by cars but you need more frequent service, and when you have paid your fare you are entitled to a seat."

Mr. Carlin advised the association to fight not only for better and more efficient car service but he thought every effort should be made to improve the "mudways," and he advocated Federal aid in the building and maintenance of good roads. He told of the fight in Congress for the memorial bridge between Washington and Arlington, and for a bridge to replace the present Aqueduct Bridge. He urged the association to aid him in the fight for a road to Mount Vernon, and also advocated the building of county water works.

Mr. Carlin strongly opposed the annexation of Alexandria county to Washington. "If you want to make the county a dumping ground for Washington, then annex it to Washington."

"We do not wish to be taken into the District and have to pay high taxes," he said. "But we do want government improvements which the United States will maintain.

"I made Uncle Sam go down into his pocket for $66,000 for two roads here, and if he will go deeper, we will all benefit."

Among other topics the speaker touched upon was woman suffrage, and he remarked that as a member of the House Committee on woman suffrage he had been surprised by the force and intelligence behind the movement, but that he did not see what the women were to gain even if they were granted the vote. He made a plea for betterment of sanitary conditions in the county and advocated a new water system.

### RACE SEGREGATION.

Proposition to Separate Employes in Federal Departments.

Washington, Oct. 17. — President Wilson will hear protests against proposed race segregation in government departments on November 6. Arrangement to discuss this matter with the chief executive were completed yesterday by Representative Peters, of Massachusetts, on behalf of a delegation of negroes headed by William M. Trotter, a newspaper publisher of Boston.

Representative Rogers, Republican, of Massachusetts, yesterday introduced a resolution requesting information from the Secretary of the Treasury and the Postmaster General as to whether negro and white employes have been segregated in government offices, and also as to any demotions, or dismissals of negro employes since March 4th, 1913. Mr. Rogers said he had been unable to get any information on the subject by personal effort.

### POLICE AGENT NAMED.

Edgar C. Rand has been appointed Police Agent of the Southern Railway Company to have authority in all cases in which the railway is concerned. Judge L. C. Bailey, of the Corporation Court has approved the appointment.

## FATALITIES ON VIRGINIA ROADS

Reported As Thirty Five Hundred Killed and Injured.

### INCREASE OVER 1912.

Figures Given in Report of State Corporation Commission Recently Submitted.

Richmond, Va., Oct. 17. — Three thousand five hundred and sixty-eight persons were killed or injured on steam and electric railways in Virginia during year ending June 30, 1912, according to the report of the State Corporation Commission just issued from the press.

Of these 208 were killed on steam railways; 16 on electric railways; 3,141 were injured on steam railways and 203 injured in electric railways.

These figures show an increase over 1911 in the case of the steam roads. The following tables show comparison between the two years.

Increase of accidents on steam railroads over 1911—

| | |
|---|---|
| Accidents resulting from movement of trains, killed | 36 |
| Accidents resulting from movements of trains, injured | 133 |
| Accidents from other causes, killed | 2 |
| Accidents from other causes injured, | 1,172 |
| Total number killed 38, or 22.35 per cent. | |
| Total number injured 1,305, or 71.08 per cent. | |
| Total casualties of all inds | 1,313 |

Decrease of accidents on electric railways under 1911:

| | |
|---|---|
| Passengers injured | 44 |
| Employes killed | 2 |
| Employes injured | 31 |
| Others killed | 4 |
| Total killed | 4 |
| Total injured | 55 |
| Total casualties | 59 |

or a decrease of 21.22 per cent.

The largest number of accidents of any railway in Virginia occurred on the Norfolk and Western railway, with a total of 1,240 injured and 86 killed. The average number of employes on ths road, however, equals one-third the total for all the roads in the state, and so the showing made by the Norfolk and Western is not worse than the average of the others, except those having a clean slate.

Of these latter there were twenty-five of the forty-eight roads in the State. All of these were the smaller roads with few miles of track in operation.

Next in number of employes to the Norfolk and Western is the Southern, with an average number of 5,730 and 341 injured and 39 killed. Next comes the Chesapeake and Ohio with 319 injured and 31 killed. Next in order is the Seaboard Air Line with 242 injured and 9 killed. The Atlantic Coast Line made a good showing with 92 injured and 11 killed.

O fthe total killed n the state during the year employes were 63, passengers 6 and others 139 making a total of 208.

Of the total injured employes were 2,751, passengers 178, and others 212, making a total of 3,141.

Of the electric lines the Lynchurg Traction and Light Company injured 48, more than other, but killed none. The killed and injured on the Virginia Railway and Power Company, including all its lines totaled 41 injured and 4 killed. The total for all electric lines was 219, of which 203 were injured and 16 killed.

### ELECTION OF OFFICERS.

At the annual meeting of the stockholders of the Chapin-Sacks Manufacturing Company, held last night at the Hotel Rammel, this city, the following derecters wer re-elected: A. A. Chapin, George P. Sacks, S. P. Rodman, Charles G. Pfluger, Louis P. Krey, William C. Carter, Norman T. Eagle, G. Taylor Wade and W. A. H. Church. The directors declared the usual 10 per cent annual dividend and will meet within the next month to elect officers. The annual banquet of the board followed.

## LOCAL BREVITIES.

In police court this morning there were two arrests for violation of the traffic ordinances and a fine of $1 each was imposed. James Day, colored, was fined $2.50 for an attack on Sergeant Scott, last night at the carnival grounds.

A delegation of members of Fitzgerald Council No. 459, Knights of Columbus, last night attended a supper at Falls Church. In addition to members of the organization a number of others from the city attended.

### AUTOIST ARRESTED.

Killed One Man and Badly Injured Two Others With Auto.

Seattle, Oct. 17.—Laurence Duke, aged 35 years, nephew of James B. Duke, president of the American Tobacco Company, spent the night in the county jail after his racing automobile had struck and killed Henry G. Farr, a saloonkeeper, and seriously inured Alfred G.Hoglund an expressman, and Thomas G. Simmons, a shipping clerk, on a county road south of Seattle. He was released on $5,000 bail last night.

A formal charge of manslaughter will be placed against Duke by Prosecuting Attorney Murphy.

The latter declared that the breaking of the steering gear, which Duke says was responsible for the crash, did not occur until Duke's machine struck a telegraph pole after smashing into the Hoglund car

The tracks of his car shows that Duke applied the brakes when about 100 feet from Farr and the others, who were gathered about Hoglund's automobile replacing a tire. George Orth, who was in the group, but escaped injury, said Duke was driving 30 miles an hour when he rounded a curve close to the place of the accident.

Hoglund's skull is believed to be fractured and he was severely bruised about the body. Simmons' left arm is broken and several ribs are fractured. It is thought he is internally injured also. The attending physicians said both are in a critical condition.

Duke has had trouble before for alleged reckless driving.

### NUNS LEAVING MEXICO.

Twenty of Them Among Refugees on Way to Galveston.

Washington, Oct. 17.—Twenty Catholic nuns, members of the Sisterhood of the Incarnate Word, are among the refugees now enroute from Tampico, Mex., to Galveston, Tex., on the oil-tanker Hainant and Waneta. They fled from their institution at Monterey. The tanker also has as passengers 16 British subjects, ten Mexicans and one American.

Consul Hanna at Monterey reported to the State Department yesterday that he started a train Monday with 155 Americans bound for Tampico, on their way to the United States. Railroad traffic is suspended between Monterey and Larado, Texas. Mr. Hanna said the travelers were greatly fatigued having spent 21 days in making the journey from Torreon to Monterey.

Travelers arriving in Monterey from Torreon Monday brought word that property there had not been damaged up to October 7, and that Americans generally were well treated, although a loan of 3,000,000 pesos had been demanded of them. They said there was no foundation for reports about the killing of Spanish subjects in Torreon.

From Guadalajara it was reported that the Cinco Minas Mints, representing an investment of $1,500,000 had been forced to close. Two unidentified Americans are reported to have been killed at the works, which are owned by a company of which James W. Gerard, Ambassador to Germany, is president.

## TO MOVE FROM 'PEOPLE'S HOUSE'

Sulzer, Though Convicted, Hopes to Rise Again.

### GLYNN WILL SUCCEED.

Deposed Executive Will Not, it is Thought, be Disqualified From Holding Office.

Albany, N. Y., Oct. 17.—William Sulzer, elected governor of New York, was today preparing to move from the "people's house," which he has occupied only since January 1 last. The formal vote of ouster by the high court of impeachment was to be taken today. There was not the slightest doubt of the result.

Found giulty on articles one, two and four of the impeachment in the vote last night, the governor expected to receive only fourteen votes on the final question to be presented—that of his further unfitness to hold office.

He was yesterday found guilty by the high court of impeachment on three of the articles preferred against him. They were 1, 2 and 4. He was declared innocent on the charge contained in article 3.

He will be removed from office, but not disqualified from holding office in this state in the future unless there is a substantial change in the informal vote reported to have been taken by the court on these questions in secret session today.

For the same reason it was expected that he will be found not guilty on the other four articles still remaining to be voted upon.

Lieut. Governor Martin H. Glynn, who has been acting governor since the impeachment of Sulzer, will become chief executive of the State. Robert F. Wagner, a New York attorney, will become lieutenant governor. He is the majority leader in the Senate.

The vote on articles 1 and 2 was 39 to 18, a bare two-thirds majority.

Sulzer was convicted of 1.—Filing with the Secretary of State a false statement of campaign contributions.

2—Perjury in swearing to his campaign statement.

4.—Misdemeanor in suppressing evidence against himself.

Acquitted of 3—Felony in bribing witnesses to withhold testimony from the legislative committee.

Still Pending.5—Misdemeanor in willfully preventing a witness (Colwell) from appearing before the legislative committee.

6.—Larceny in converting campaign contributions to his own use.

7.—Corrupt use of office in attempting to influence the vote or action of public officials.

8.—Using his authority or influence as governor to affect the price of securities on the New York Stock Exchange.

### BREAKS CHURCH WINDOW.

New York Woman Commits Depredation Upon Paris Edifice.

Paris, Oct. 17.—Two bricks were recently thrown through a stained glass window of the American Protestant Episcopal church and stones also were thrown through the dining room window of the rectory of Rev. Dr. Watson, adjoining the church.

Miss Minnie Vail, a woman of 45, formerly of New York, but for a long time a resident of Paris, was arrested and admitted before the examining magistrate that she had broken the windows. She said she was a suffragettee, but added that she had private motives for her conduct, which she refused to disclose.

Miss Vail declined to accept passage to America, and an examination of her mental state has been ordered. Meanwhile she is held in custody. Miss Vail was employed in charitable work under the supervision of the rector of commit[illegible] of the church for several years. She is now seemingly without means of support, although the late rector, Rev. Dr. Morgan, who died in 1912 bequeathed her $5,000.

**Washington Utilities Company is About to Pass Out of Existence**

Within the next four or five days the Washington Utilities Company which was formed two years ago for the purpose of controlling and operating electric railway and public service corporations in the District of Columbia and Northern Virginia, will go out of existance, so far as the railway lines in this section of the state are concerned.

Gardner L. Boothe, attorney for the company, left here today for Richmond to present to the State Corporation Commission, sitting in that city, a statement of the stock ownership of the company and to secure permission for the transfer of the railway lines running from Washington to Alexandria, Mt. Vernon and Fairfax, Va., and branches, from the Washington Utilities Company to the Washington-Virginia Railway Co. which is the old name of the railway lines. A deed has been prepared, making the actual transfer, which will be filed in the courts as soon as permission is granted by the commission.

There will be no change in management and it is probable that the officers of the Washington-Virginia Railway Company who were in charge when the merger was made, will be re-elected.

BODY FOUND IN RIVER.

**Floating in The River at an Early Hour This Morning.**

The body of an infant was discovered floating in the Potomac river this morning by Joseph Mills. It was enclosed in a box. The authorities were notified and the remains removed to Demaine's & Sons undertaking establshment. A coroner's inquest was deemed unnecessary. It is believed that the infant was dropped from a river boat which passed up the river a few hours before it was found.

SWIFT & Co'S. CAR ROBBED.

**Part of Contents Found in a Boat on River Front.**

The first car robbery in Alexandria since the passage of an act by Congress making the robbery of a car engaged in interstate traffic an offense against the United States government and providing heavy punishment, took place at an early hour this morning when thieves broke the lock on a refrigerator car belonging to Swift and Company and stole a quantity of meat and provisions. The car had been left on the side track at Union street near Prince, in front of Swift's warehouse.

The police were notified and this morning at 5:30 a. m., Sergeant Bettis and Officer Kern recovered a hog, three hams and a quantity of sausage, which were among the articles taken from the car, in a row boat which was tied at the Norfolk and Washington Steamboat wharf, a block from the scene of the robbery. It is expected that arrests will be made today.

**Jury in Corporation Court Upholds Police Justice L. H. Thompson**

In the Corporation Court this morning the fine of $50 imposed by Justice Luther H. Thompson, in police court, a month ago, against John T. Arrington, who for some time has conducted a floating bar-room in the Potomac, off Jones Point, which was frequented on Sundays by many men, was not only sustained but an additional fine of $100 added, making a total of $150, which Arrington will be compelled to pay.

The verdict was returned by a jury composed of James E. Legg, W. E. Lovejoy, Walter G. Rogers, Stephen F. Gill, C. Page Waller, Jr., James Smythe and M. R. Norris.

A number of witnesses were introduced by the commonwealth to show that Arrington had been guilty of a nuisance in leaving Alexandria with large quantities of whisky and beer on Sundays, that a regular practice had been made of carrying men to and from the Virginia shore for the purpose of selling them liquor and that conditions on Sunday in the southeastern section of the city, because of the floating bar conducted by Arrington, were very disagreeable. Several witnesses testified to buying drinks on Sunday, while residents of the first ward told of seeing drunken men coming from the ark.

The defense admitted that Arrington had sold liquor on Sunday, but declared that the sale had been made outside of the State of Virginia. An attempt was made to prove that disorders on the Point on Sundays was caused by men who brought their drinks with them while attending the baseball games or came from Washington in gasoline launches.

Arrington was represented by R. D. Grumback, and the State by Samuel G. Brent, commonwealth's attorney.

After the verdict had been rendered a motion was made for a new trial but this was overruled by Judge Barley.

MOTORCYCLIST INJURED.

**Employee of Carnival Company, Breaks Leg in Two Places.**

Sam J. Davis, of New York, who is employed as a rider in the motordrome, connected with a carnival company, was badly injured while riding between Alexandria and Washington at two o'clock this afternoon. He was trying out some new attachments on a machine and while riding at a speed of 50 miles an hour, the machine struck a soft place in the road and Davis was thrown from his seat.

His leg was broken in two places and he was bruised about the body. He was taken to the Alexandria Hospital.

New Sport Coats at $10.00

In recent years there has not been launched a coat vogue gaining the success of the present one for the Smart Sport Coats. Perhaps their exceptional utility is one reason for their popularity, but we are certain the very unusual values we have offered and which we are still showing have been a strong attraction.

Especial attention is called to a new model made with Mandarin sleeves, deep belt, the convenient and smart patch pockets and large white buttons. The materials are double-faced in all combinations of checks and fancy designs. It has frequently been pronounced the best in quality and workmanship, and its graceful, easy fit convinces you of its fine designing and tailoring, priced at $10.00.

Another excellent coat which is made in practically the same style as the above garment of boucle cloth, in black-and-white, navy-and-white, and brown-and-white stripes; this, too represents a value that is far above the ordinary, and is moderately priced at $12.75.

Sport Coats in a fine array of popular materials and a great variety of plain, fancy, and combination colorings, and many fine styles; sizes 16 to 40. Priced up to $27.50. Third Floor—G Street.

# NEWS OF THE OLD DOMINION

### THE HARPER CASE.

**Proprietor of Beaver Dam Distillery Gets Eighteen Months.**

Richmond, Oct. 17.—Frank W. Harper, proprietor of the Beaver Dam Distillery, was yesterday morning sentenced to eighteen months in the penitentiary by Judge Edmund Waddill, in the United States District, for violation of the internal revenue laws.

Harper was also fined $500, as the law provides both a fine and imprisonment. Just before Harper was sentenced his attorney, Robert H. Talley, announced to the court that Harper expected to appeal the case.

"From this moment I am done with the liquor business, and I desire to say that the liquor business is the rottenest and most damnable in the world, and has been the ruination of thousands of men," said J. H. Barton, convicted storekeeper-gauger of the Beaver Dam Distillery, concluding his statement to Judge Waddill in the federal district court why sentence should not be passed upon him.

"While it is my personal opinion that it is wrongful for the government to get revenue from this source (the liquor business), I must also take cognizance of the fact that it does, and of the laws applying to it," was part of the reply to Judge Waddill as he sentenced Barton to twelve months' imprisonment.

With Harper and Barton concerned in the case condemning the liquor business, the trial of Barton in the district court came to a rather unusual end. Barton, who defended himself, saying he was regularly admitted to the practice of law before the Pittsburg bar, was given his choice between spending the twelve months in jail or the penitentiary. He chose jail. Barton was convicted of having left his post of duty at the Beaver Dam distillery, permitting fraud to have been practiced in keeping the government out of revenue.

### ASKED FOR CLEMENCY.

**Negro Postman of Richmond Gets Four Years.**

Richmond, Oct. 17.—For making a duplicate key to a letter box and for robbing the United States mails, Israel Edmunds, a colored letter carrier, was yesterday morning sentenced to four years in the penitentiary and fined $50 by Judge Waddill, of the United States District Court. Edmunds plead guilty to both of the charges, asking for leniency.

Judge Waddill stated that the penalty for making a duplicate key to a mail box was ten years, but in consideration of the plea he would only impose three years for this offense and one for the other, of robbing the mails. Edmunds was detcted in the act of robbing a mail box at the corner of Hancock and Clay streets several weeks ago. A policeman saw the occurrence and arrested him.

Lynchburg, Va., Oct. 17.—Fire destroyed a livery stable, tobacco warehouse and residence yesterday morning at Chatham, entailing a loss estimated at $25,000.

Twenty-eight horses perished in the livery stable and five, belonging to farmers, in the tobacco warehouse. Five thousands dollars' worth of new tobacco was burned in the warehouse, and a number of planters, who were sleeping there, had narrow escapes. The Masonic building was slightly damaged.

### GAS INSTITUTE ELECTS.

**W. H. Gartley, Philadelphia, Chosen President at Richmond.**

Richmond, Va., Oct. 17.—The American Gas Institute, in eighth annual convention at the Jefferson Auditorium, Wednesday selected New York as the meeting place for 1914 and reaffirmed the selection of San Francisco for 1915.

Mayor George Ainslie welcomed the delegates and Charles M. Cohn, of Baltimore, responded. President W. R. Addicks, of New York, presided at the business session, at which reports of the officers were read.

William H. Gartley, of Philadelphia, president; William E. McBay, of Boston, first vice-president; Rufus C. Dawes, of Chicago, second vice-president; George G. Gamsdell, of New York, secretary and treasurer. Directors for two years: Paul Doty, St. Paul; Carl H. Graff, Indianapolis; William S. Blavert, Detroit; Alfred E. Forstall, New York; Carroll Miller, Providence, R. I.; for one year: E. C. Jones, San Francisco; R. M. Searle, Richmond; C. N. Stanard, Denver; G. T. MacBeth, Mount Vernon, N. Y., and H. L. Roce, Aurora, Ill

### GIRLS DESCRIBE MURDER.

**Give Damaging Testimony Against Alleged Slayers of Baltimorean.**

Lynchburg, Va., Oct. 17.—Damaging testimony was brought out yesterday in the trial of Bascom Williams and John Beard at Amherst Courthouse for the murder of David Cooper, a Baltimorean, when three girls gave evidence which corroborates the ante-mortem statement made by Cooper in the hospital here the day after he was shot. The girls testified that the prisoners followed Cooper half a mile or more before the shooting. They said, in a circumstantial manner, that Cooper fired his revolver into the air to frighten the men, after which he was shot.

### KILLED BY SHOT.

**Harry Wood, of Washington and Lee, Found Dead by Companions.**

Lexington, Va., Oct. 17.—Harry Wood, of Arcadia, Fla., a senior law student at Washington and Lee University, accidentally shot and killed himself Wednesday afternoon while out hunting.

W. R. Beeton and J. W. Walker, two friends of Wood, accompanied him on the hunt. All agreed to meet at one place for dinner. Wood not turning up, the others went in search of him. He was found seated on a log, apparently alive. Examining him, however, it was found that the load from his gun had entered his neck and come out at the base of the skull.

### LEDGERS CALLED FOR.

**Judge Scott Orders Bryan Estate Books Produced in Court.**

Richmond, Oct. 17.—Based upon an affidavit of the Commonwealth's Attorney, an order has been issued by Judge Scott, of the Henrico Circuit Court, directing that the books and ledgers of the Joseph Bryan estate for the last twenty-three years be produced in court on October 23rd, for examination by the Commonwealth in the matter of "the correction of erroneous assesaments."

The Bryan estate is the largest property owner in Henrico county, and the issuance of the order and subsequent subpoena has naturally aroused considerable interest.

Sometime ago the executors of the Bryan estate filed an application in the Henrico Circuit Court asking for a refund of certain taxes, claiming that the estate had been overcharged. The suit was not pressed by the executors, however, and since the Commonwealth could not be called upon to pay back interest in the event of defeat, the matter was not pressed by the defendant.

The suit might have been withdrawn by the Bryan executors, but now the Commonwealth has taken a hand in the matter and it must come to trial.

Not only must the executors prove that the estate has been overassessed, but, under a recent ruling of the State Supreme Court, it must be able to show that it has never failed to return just and proper declarations.

This ruling of the Supreme Court was handed down on January 16, 1913, in the case of the Commonwealth vs. Schmelz.

### TO FOUND A SCHOOL.

**Mennonites Will Establish Institution at Hayfield.**

Harrisonburg, Va., Oct. 17.—The Virginia Mennonites Conference, which has just closed its annual session at the Bank Church, near here, decided to establish an industrial school on the Hayfield farm, one of the George Washington estates, near Alexandria. Christian Garber donated an old Colonial residence and several acres of land, valued at $50,000. Steps were taken to raise $10,000 more from the Mennonites of the eastern part of the United States. The school will be under the charge of conferences of Virginia, Maryland and Pennsylvania.

Ministers were allowed to use railroads, street cars and steamboats on the Sabbath when necessary, but the use of public conveyances for pleasure on the Sabbath is prohibited.

**Fishery Season Poor.**

Lancaster, Va., Oct. 17.—The menhaden fishery season now about to close has been an unprofitable one. From the beginnning of the season the fertilizer fish have been scarce in the Chesapeake and its tributaries. The only compensation for the scarcity of fish is found in the increased price for fish oil and crude fish cheem, the latter having advanced recently $5 and $6 a ton. On the other hand, food fish have been usually abundant, and hand-line fishermen have had a prosperous season.

## NEW DISCOVERY IN ROCKINGHAM

The Harrisonburg News-Record, publishes an account of a new discovery in Rockingham county by which the prohibition laws have been circumvented and the astute revenue agents puzzled to prevent its continuance.

"It seems," says the contemporary, "that one of the hardware dealers of the county, who sells cream separators, noted a greatly increased demand for the machines. As a rule he formerly sold only an occasional separator, but orders are now coming in every day. He is forced to buy in large quantities, and still cannot meet the demand.

"Now, this state of affairs is puzzling. Of course, the people of the Valley are at last beginning to awake to the possibilities in the dairying industry. A truck running out from Woodstock gathers all the cream it can find over a long stretch of territory from Lacey Spring in Rockingham county, to Middletown, Frederick county, and does a fine business. Still, so far as the hardware man could find out, there has been no large increase in the number of cows.

"Upon investigation, the secret came out. An ingenious Shenandoahite, dissatisfied with the rather slow internal operations of ordinary cider, made the discovery that when cider is placed in an ordinary cream separator, and the machine put to work, the non-intoxicating liquids become separated from the other kind, leaving a residue which contains 25 per cent of alcohol This beats ordinary cider, with 6 or 8 per cent, by a very large majority, and one need not drink nearly so much to produce results.

"Not being desirous of keeping the secret all to himself, the inventor told his neighbors. They all tried it with great success, and the result was a speedy and tremendous demand for separators. As everybody knows when milk is placed in a separator the great velocity obtained causes separation of milk and cream by centrifugal force. The same theory works with cider, it appears."

## POLICE COURT IS UPHELD.

The Commonwealth vs. Arrington in the Corporation Court today of having created a nuisance by providing an ark in the Potomac river, off the shore of Virginia from which intoxicants were sold to Alexandrians on Sundays, should result in the breaking up of this long established practice.

Conditions at Jones Point have been extremely disagreeable for some time and there is no doubt but that the unlawful sale of liquor was largely responsible for the trouble. There was so much complaint from the residents of the first ward that several months ago the Council felt it necessary to take the matter up strongly and urge action by the police. The suggestion was promptly acted upon by Chief Goods who soon gathered sufficient evidence to show that the law was being violated. A raid was made on Arrington's ark and a large quantity of whisky, beer and other intoxicants secured. When the case was heard in Police Court Justice Thompson imposed a fine of $50, and an appeal was taken to the Corporation Court.

Commonwealth's Attorney Brent prepared a strong case against Arrington and the jury settled the entire matter by not only sustaining the police justice but raised the fine to $100.

## SUPERINTENDENT HODGES VINDICATED.

The State Board of Education, in a decision rendered last night, completely vindicated Superintendent Hodges, of the Alexandria county public schools, and passed a resolution expressing confidence in the superintendent against whom a bitter political fight was made by his enemies in the county. The case against the superintendent, which was shown to have been most unjust by the evidence that was presented, fell completely and the members of the board after hearing the testimony clearly indicated that they had no sympathy with the fight against him.

Hon. Robinson Moncure, of this city, who was Mr. Hodges' principal attorney, covered the field when he declared before the board that the charges were "conceived in the hatred of a political adventurer whom Mr. Hodges prohibited from exploiting the county school system for political purposes."

All good citizens will rejoice in Mr. Hodges' vindication. He has made an enviable record in the county, and has brought the schools to a high state of development.

## INTERESTING TO PLACE SEEKERS.

A small advertisement elsewhere in the Gazette calls attenton to the fact that work is likely to be secured by young men or women should such file their applications with the secretary of the Chamber of Commerce. Members of this organization are often in need of help of one class or another, but they are only in quest of active, responsible persons.

Over a year ago the Chamber of Commerce called attention to the fact that the commercial interests of this city were handicapped by the scarcity of labor, and it is alleged that at the present time opportunities are open to all, who desire to work, to secure employment. Of course, would-be employers are careful in their selections, and employ only those who are of good habits and who will make the interests of their calling of first importance.

The trouble of many is a dream of falling into a soft snap at the outset. All should realize that they must commence at the lowest rung of the ladder. There is plenty of room on top, but few there be who reach the summit from the fact that they suppose the apex will come down to them.

The late A. T. Stewart, who left a fortune of about $75,000,000, was at his outset in the commercial world his own porter, swept out his store and, according to some, slept under the counter. At any rate, while he was at his zenith he worked twelve hours a day and studied Greek at night as a pastime.

The biographer of a New York millionaire said he was armed with formidable weapons—he had the industry of a beaver and a conscience like flint. While we can afford to be minus the latter, it requires the former to forge to the front rank.

In declining an invitation to speak at the annual meeting of the Upper Mississippi River Association at Hanibal, Mo., Speaker Champ Clark took a rap at Secretary of State Bryan, which was not veiled, although he did not mention the Secretary's name. His letter of regret was read to the convention, and excited much comment. He expressed the opinion that it seemed to him dishonest to receive money for government services and then go out on a lecturing tour, leaving the affairs of government to take care of themselves.

**Stomach Trouble and Constipation Cured.**

"I was sick for three years with stomach trouble and constipation, doctored continually with different physicians with only temporary relief," says Mrs. Hester Waite, of Antwerp, Ohio. "A friend advised me to try Chamberlain's Tablets, which I did, and continued to use them for one year, and they completely cured me not only of the stomach trouble but also of the constipation." For sale by all dealers.

"WHEE! CORNS GONE! 'GETS-IT' DID IT!"

**Just Try it Before—You'll Marvel How it Makes Corns Vanish.**

There never was anything like "GETS-IT" for corns, and there isn't anything like it now. It is the cure on a new principle. Put it on any corn in two seconds; it stops the pain, the corn begins to shrivel and disappears. It never fails Simplest thing you ever saw. No fussy bandages, no greasy salves to turn healthy flesh "peely" and raw, no plasters that makes corns bulge out. Your corns won't "pull" and hurt way up to your heart. Lay aside your knife and razor. No more digging and tugging and wincing, no more bleeding, no more danger of blood poison. "GETS-IT" never hurts healthy flesh; it is safe, painless, quick, simple, sure. For warts, callouses and bunions, too.

"GETS-IT" is sold at all druggists' at 25 cents a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago.

"Use Gets-It" for Corns and Their Pains—And Nothing But Pleasure Remains.

The following unsolicited testimonial should certainly be sufficient to give hope and courage to persons afflicted with chronic dyspepsia: "I have been a chronic dyspeptic for years. And of all the medicine I have taken, Chamberlain's Tablets have done me more good than anything else," says W. G. Mattison, No. 7 Sherman St., Hornellsville, N. Y. For sale by all dealers.

**YOUR HAIR IS TURNING GREY AND IT MAKES YOU LOOK OLD**

This is Not the Time When Old Age is to be Desired

TO KEEP POPULAR KEEP YOUR APPEARANCE OF YOUTH

A young man was surprised to have his application for a position "turned down." He was better equipped for the position than the fellow who got it. He discovered that his grey hairs did it. He was "too old" looking. It's the same everywhere. There is no doubt but that grey hair does make a man look old. There is no use waiting another minute—don't lose your position or fail in getting a better one because you are old looking—use Hay's Hair Health now.

Those who are using Hay's Hair Health recommend it to their friends, because it is genuinely good, always restores grey hair to its natural color; destroys dandruff, keeps the scalp clean and healthy. You begin to note the difference at once. The few grey hairs disappear and never return.

Why look old when you are young? Get a bottle of Hay's Hair Health at once, start using it and see what a difference a few applications make.

# This Beautiful Hair

Is like what you want your hair to be—

Lustrous, bright and glossy; soft, silky and wavy.

To have beautiful hair like this, use

## HARMONY
## HAIR BEAUTIFIER

It's just what its name implies—just to make the hair glossy, and lustrous, and more beautiful—just to make it easier to dress, and more natural to fall easily and gracefully into the wavy lines and folds of the coiffure, just to give that delightful fresh and cool effect, and leave a lingering, delicate, elusive perfume.

Will not change or darken the color of the hair. Contains no oil; therefore, cannot leave the hair sticky or stringy.

Very pleasant to use, very easy to apply—simply sprinkle a little on your hair each time before brushing it.

To thoroughly clean your hair and scalp, use

## Harmony Shampoo

A liquid shampoo to keep the hair clean, soft, smooth and beautiful. It gives an instantaneous rich, foaming lather, penetrating to every part of the hair and scalp. It is washed off just as quickly, the entire operation taking only a few moments.

It leaves no lumps or stickiness.
—Just a refreshing sense of cool, sweet cleanliness.
—Just a dainty, pleasant and clean fragrance.

*Both in odd-shaped ornamental bottles, with sprinkler tops.*

Harmony Hair Beautifier, $1.00; Harmony Shampoo, 50c.
Both guaranteed to please you, or your money back.

### EPISCOPAL CONVENTION.

**House of Deputies Passes Resolution Two-thirds Vote for Prayer-Book Alterations.**

New York, Oct. 17.—The House of Deputies of the general convention of the Protestant Episcopal Church yesterday adopted by a large majority the resolution offered by the Rev. Dr. William T. Manning, requiring a two-thirds' vote of the convention for changes in the prayer-book. It is expected the House of Bishops also will pass the resolution. The chief effect of this resolution will be to render more difficult any attempt to change the name of the church.

The House of Deputies adopted a resolution inviting communicants of any Apostolic Church who are without places of worship to use Episcopal Churches for services under the direction of their own clergy.

St. Louis, Mo., was selected as the place for the next triennial convention of the church.

### ARRESTED FOR MURDER.

**Lee Wastler Accused of Shooting His Cousin.**

Frederick, Md., Oct. 17.—Lee Wastler, about 20 years old, near this city, who recently confessed having shot and killed his cousin, Roy Wastler, has been arrested on a warrant charging murder. The warrant was sworn out by the father of the dead man.

The arrest is the climax of a strong feeling against Wastler since the shooting. At the time of the accident he claimed he shot at a squirrel, the load taking effect in the head of his cousin. After the shooting the accused and a companion carried the dead man three miles to his home.

It is claimed that money, known to have been carried by Wastler before he was shot, was not found after the accident. When arrested Wastler said he playfully pointed the gun at his cousin and touched the hair trigger. Asked why he told the story of shooting at a squirrel at first he said he thought the story might suit conditions better. He denied taking anything from the dead man's pockets.

### RING AS MARRIAGE PROOF.

**Alleged Wife of Charlemange Tower, Jr., Promises to Produce it—Tells of Plot.**

Philadelphia, Oct. 17.—Another step in her flight to prove herself the lawful wife of Charlemange Tower, Jr., was taken by Mrs. Georgianna Burdick Tower, yesterday when she declared that young Tower had not only paid for her divorce from her former husband, but had given her a wedding ring engraved inside with the initials "C. T. to G. B." The divorce cost $78.

Mrs. Tower Jr., who has brought suit against Cherlemange Tower, Sr., former ambassador to Germany, for alienation of her husband's affections, said she would produce the ring at the trial as a proof of her claims.

A new chapter to her story of alleged experiences with detectives, whom she charges with having employed underhand methods to stamp her with the stigma of shame, was added today by Mrs. Tower, Jr.

"Cocktail" suppers and automobile rides figure conspicuously in her narrative. She tells how she was "lured" to Atlantic City, how she was "coaxed", but did not consent, to drink freely of intoxicants, and of how a woman detective made overtures which acquiesced in, would have meant a loss of caste.

Failing in their efforts to have her seal her own moral doom, she alleges, one of the detectives even resorted to the extreme of proposing that she elope with him, Mrs. Tower declared.

Her female accomplice, she said, attempted to spur her into the step, which would have meant the blasting of her hope of ever being recognized as the wife of young Charlemange Tower.

William Keith, according to the Chicago police, was told by his wife that Walter Paul, a grocery clerk, had attacked her. Keith lay in wait for Paul yesterday and shot and killed him. Keith telephoned the police of his act and was arrested. Keith is superintendent of construction for the Aurora, Elgin and Chicago railroad, with offices at Batavial Ill. In his pocket was found a written statement by his wife, Mrs. Rosebud Keith. In the statement, Mrs. Keith, the mother of three children, said that Paul first attacked her a year ago, when he delivered groceries at her home. She said that she feared to tell her husband, but that when Paul made another attack recently her secret became too burdensome to bear.

Unionville, N. Y.—The home of Mayor Becker as well as several stores destroyed by fire. Loss estimated at $35,000.
